Quitterie de Labbey (°1994) is researcher at the Flemish Peace Institute. She studied international relations at Sciences Po Lille and the Westfälische Wilhelms-Universität Münster, where she holds degrees in 'Intelligence, strategy and risk-management' and 'International and European relations'. She also studied Literature and Economics at the classe préparatoire aux grandes écoles of Notre Dame de la Paix in Lille. She was formerly affiliated as an intern to the Stockholm International Peace Research Institute (SIPRI), the Group for Research and Information on Peace and Security (GRIP) and the German Federal Ministry of Defence. She has been working as a researcher at the Flemish Peace Institute since January 2019. In the Institute's programme 'Arms Trade and Arms Production', she has been conducting research on illicit firearms in Europe, in particular in the framework of project 'DIVERT'. 'DIVERT' aims to develop knowledge and expertise on different methods of diversion inside the European Union, their actors and policies.
